Beckie Lee Thurmond

## Reference Portfolio

### Erik Miller

Mr. Erik Miller  
Professor  
Art Design and Interactive Media  
Community College of Baltimore County  
emiller@ccbcmd.edu  
443.840.4324 office  
410.707.4200 cell

Working as a student in my Computer Illustration class, Beckie exhibited work habits that consistently produced exceptional results. Beckie has an excellent eye for details, a commitment to meeting deadlines, and an immense sense of responsibility. Her creative design solutions were some of the best in the class. Beckie worked with intent and dedication.

Beckie was a leader in our class. If a student would need help with something she wouldn't hesitate to reach out to the student and offer assistance. During critiques and discussions, Beckie was also willing to offer solid, constructive criticism to her fellow classmates, always in an effort to help and build up their work.

Beckie is a dynamic creative who can immediately contribute a strong skill set in the areas of design, marketing, and general leadership. She will no doubt add an enthusiastic and positive presence to any work environment.

### David Zobel

Mr. David Zobel  
Associate Professor  
Art Design and Interactive Media  
Community College of Baltimore County  
dzobel@ccbcmd.edu  
443.840.1026 office

Beckie has been a student in my Typography class in the ADiM program at the Community College of Baltimore County. Beckie possesses the qualities every professor desires from a student. Beckie is always ready for class, on time, as well as being interested in the subject matter. She is very eager to learn and challenge the ideals of design and does so with a desire and drive. Her constant desire to seek new information, new ways of seeing design and new ways approaching design has made Beckie a perfect fit for a job in Graphic Design. All of these traits are very rare to see in one person.

What impresses me most about Beckie is her consistent seeking of knowledge and how to use it in her work. Her senses of organization, structure, determination, and the ability to take criticism and learn from it are what make Beckie great as a student and future employee. I am confident that she will be a great addition to any company.

### Rich Weintraub

Mr. Richard Weintraub  
Owner and Operator  
Your Franchise Advisors  
rweintraub3@comcast.net  
443.463.3790 cell

I worked with Beckie at Play N' Learn, Inc. for many years. As director of marketing for that company, Beckie's help and hard work helped me to make our department run very efficiently. In addition to the other duties she had with our company, she also prepared reports in many different formats so that we could monitor the effectiveness of our various marketing investments. Beckie also helped create many of our company's marketing materials—ads, brochures, and more using her creative and desktop publishing skills. Beckie was diligent in her work and cared about the quality of her performance.
